

NEW MEN STATE PLAN

WANT BEST IN THE COUNTRY

TO HAVE UP TO DATE MAN
FOR HEAD OF THE
SCHOOL

"I regard the first necessity
is a thorough, up-to-date man
at the head of the institution."
—Dr. von Radesky, trustee
elect.

"My policy will be to make
our public school a first class
up-to-date institution of learn-
ing."—C. L. Deady, trustee
elect.

The hottest school election ever
held in the city of Carson was that
Monday, that resulted in the election
of a new board of school trustees by
two to one majorities.

When the campaign first started
it was hard to get men to stand for
the office, as there has been so much
criticism of the old board that the
right kind of men were reluctant
about taking up the responsibility.
Dr. von Radesky and C. L. Deady,
finally were induced to stand for the
offices and the fight began.

Monday every effort was made to
get out the vote, as members of the
old board felt that if they could get
out a big vote, they would win hands
down.

The vote was heavy all right, but
the usual miscalculations were made
and some slates were upset.

The ballots were cast as follows:
C. L. Deady 261
Dr. C. W. R. von Radesky 242
Charles Stewart 140
Augustus Cutts 121
Total number cast 399, of which 14
were thrown out as defective or void
ballots.

The Appeal made an effort Tuesday
morning to see the newly elected
members, who with J. P. Meder, hold
over member, will constitute the board
and to get some expression as to the
policy to be pursued, especially as
rumors were circulated to the effect
that if the new members were elected,
the teachers would fall beneath the
axe of political exigency.

MR. DEADY'S STATEMENT

Mr Deady expressed himself as fol-
lows:

"I desire to thank the people of
this city for the magnificent sup-
port given me for long term school
trustee, for this district.

"I do not credit the overwhelming
victory to my personal popularity, but
to the fact that the people desired a
change in the long and continued
management by the present board of
the school of this city.

"The people made that issue and
we fought it out on those lines, and
won by a majority that was indeed a
surprise to me.

"Speaking for myself, my policy will
be, to make our public school a first
class, up-to-date institution of learn-
ing.

"There is nothing that will attract
people to our city more than a first
class school.

The idea seems to be prevalent that
all of the present corps of teachers
will be removed. Let me assure them
that they have no warmer friend than
I, and when the time comes all their
applications will receive the fullest
and the most serious consideration."

Dr. von Radesky, is outspoken as
to his policy and what he considers
the proper procedure of the new
board. The following is what he has
to say:

DR. VON RADESKY'S STATEMENT
"I regard the result on yesterday's

election not so much as a compliment
to myself as a decided expression
from the people of Carson that they
wanted a change in the management
of their public school.

"The fight was made on clean lines
and every one went and voted as he
thought best. I confess that I was
surprised, at the majorities given the
opposition ticket. I was also unpre-
pared to see such a large vote.

"We had figured all along that if
the people who had promised us sup-
port kept faith, that there would be
three hundred votes polled. I did not
look for more than this and when I
saw the votes rolling in toward the
four hundred mark. I had no further
concern over the result.

"Speaking individually, I can state
that the chief desire I shall have is
to make the public schools of Carson
second to none in the state. You can
say that I regard the first necessity,
is a thorough up-to-date man at the
head of the institution. That is the
first requisite for the school and I
have no friends to serve or enemies
to punish. Competency will be the
only things considered in the matter.
We have enough competent ladies in
this city who are first class teachers.
The school will be run on more mod-
ern methods than have formerly pre-
vailed."

While politics cut a small figure
in the contest, Deady and von Ra-
desky, are both Democrats, and Cutts
and Stewart both Republicans.

DOUGLASS COUNTY IS QUIET

Mine host Richford of Gardnerville,
was in Carson today and says that
the upper valley is well supplied with
water this year. He also says that
political matters are somewhat mixed
in Douglass county and that there is
not much doing just now.

MONEY FOR NEVADA

The agricultural appropriation bill
reported to the Senate last Tuesday
carries an amendment providing that
10 per cent of the moneys received
from the sale of timber and other
privileges in forest reserves shall be
given to the state in which the re-
serves are located, to be applied by
them to maintenance of public schools
and building and improvement of
roads in counties which are embraced
in part by such reserves. Expendi-
tures are to be direction of state
legislatures. When the reserve lies
across a state line both states are to
benefit proportionately. The bill also
provides that the remaining 90 per
cent of receipts from forest reserves
shall hereafter be expended by direc-
tion of congress. Heretofore this
money has been placed in the hands
of the secretary of agriculture to ex-
pend on reserves as he saw fit.

K. P. CONCLAVE

It has been definitely decided to
hold the event of the Knights of
Pythias world, the convention of the
supreme lodge, beginning October
15th of this year, in New Orleans.
This event is only held every year
and this time it is being planned on
a larger scale than ever before. The
encampment of the uniform rank and
kindred other bodies will go into ses-
sion during the same and subsequent
days.

The Pythian Encampment Associa-
tion of New Orleans is already plan-
ning for the occasion and at the same
time is issuing circulars with the idea
of attracting many tourists and sight-
seers to the city during the same
time.

The encampment of the uniform
rank will be located at the city park
race track; the grounds are most ad-
mirably suited for the camp and have
been carefully inspected and approved
by the supreme chancellor and the
major general.

COLD WAVE HURTS CROPS

SACRAMENTO, May 29.—The state
board of agriculture reports damage
to crops from the cold wave and
storm of wind and rain, that has
swept over the state that last week.

VISITING FRIENDS

Carl Updike, formerly with the Ne-
vada Press Company, of this city, was
an arrival from California yesterday
and will spend several weeks here
visiting with friends.

A strike of \$300 ore has been made
at the Midway mine at Tonopah.

MEMORIAL DAY

PARADE AND EXERCISES TO MARK CELEBRATION IN HONOR OF NATION'S DEAD

Wednesday, tomorrow, is Decora-
tion Day.

On this one day, the United States
does honor to its heroes and covers
the grave of the dead with flowers.

In every city and hamlet in the
country business is suspended for this
occasion, while the men, women and
children of the land pay tribute to the
defenders of the nation. This city
will not be an exception in the
country. A program has been arrang-
ed for the occasion. On account of
the cold weather the preparation has
not been as elaborate as in former
years but the spirit is the same.

The G. A. R., the W. R. C., the
Spanish War Veterans and kindred
societies will take part in a parade
to form at ten o'clock on Carson
street opposite the Capitol Park. They
will march to Lone Mountain ceme-
tery where the following program
will be carried through, by members
of the G. A. R. and others:

Music Stewart Institute Band
Remarks Post Commander
Hus'e "One By One," Choir
Prayer Post Chaplain
Lincoln's Gettysburg Address
..... Herbert Mulcahy
Solo Mrs. Slingerland
Poem "Peace" Miss Katie Werner
Decorating Monument

..... Officer of the Day
Fraternity, Charity and Loyalty
..... Post Chaplain
Salute to the Dead Post
Reading of the Roll of Honor
Services to the Unknown Dead

..... Custer Relief Corps No. 15
Decorating Graves

Flags on public and private build-
ings should be displayed at half mast
throughout the day.

The Stewart Institute Band will
lead the parade and take part at
the cemetery, and it is desirable that
as many as possible take part in this,
the only honor paid to the dead by
any civilized nation.

The Methodist church society will
give a dinner at Armory Hall as is
the custom of that organization.

HOME FOR THE "LEISURE HOUR."

A new club house that shall be
an ornament to the city of Carson
and a monument to the social and
intellectual life of the state capitol,
is planned by the Leisure Hour Club.
The members of the club have come
to the conclusion that they might
just as well pay interest on bonds,
or a loan, as to pay rent, and that
it is more desirable to own a home
than it is to pay out money for a
place they never can own.

As the membership is now 60, and
growing constantly, it is possible the
new club house may be built easily
without placing a strain on the finan-
cial resources of the club.

It is the only social club in the
city, and the membership comprises
a class of people that has much to do
with the social life of Carson. There
is a similar club in Reno and it
has its own club house, where people
visiting Reno are welcomed and enter-
tained.

The matter will come up at the
meeting tomorrow evening.

The Appeal will be glad to publish
all necessary advertising free of cost
to the club in case the matter comes
to a point where advertising is neces-
sary.

LOOK OUT FOR BAD COINS

Yesterday Cashier Davis, at the
State Bank and Trust Co. discovered
a twenty dollar gold piece that seemed
smaller than the rest of the coins
in the stack. He investigated the
matter and found that the coin had
been pared off on the edge, and then
put through a machine which replaced
the milled edge known as the "read-
ing" in mint parlance.

He took the coin to Mint where it
was carefully weighed and found to
have lost 86 cents by the sweating
process. A good many of these pieces
are floating about Nevada and mer-
chants are warned to look out for them.

The Parrot mines at Lundy, Mono
county, are being sampled in the in-
terest of prospective purchasers.

SHORT ONES

THE APPEAL WILL NOT ISSUE DECORATION DAY, MAY 30.

The board of county commissioners
will meet Monday next, to pass on
claims and bills against the county.

Andy Gray, is in from Ophir.

F. J. Parke of Susanville, is regis-
tered at the Park.

O. Cordelli, the Dayton cattleman,
is stopping at the Park Hotel.

Mrs. Tom Calvert and daughter, are
spending a few days in this city.

The Reno Cycle team should be
easy game for the Indians, as Sparks
beat the Reno team handily Sunday.

Better get your sewer connections
made, or the trustees will do it for
you and then there will be some loud
talk. If an epidemic should rise from
bad sewerage then what?

Jimmy Britt, and "Terrible" Terry
McGovern, fought ten rounds last
night without a decision. It looks
as if Terry either is coming back or
Britt is going back. Britt will have
to do better before Nelson will take
him on.

Members of the new school board
at Empire, elected Monday, are James
Larson, J. Sullivan and Joseph Baxter.
Average majorities 18. Sullivan takes
the seat of E. Regan, removed to
Carson.

The report that the theses of the
candidates for graduation at the Uni-
versity were not accepted, seems to
have been a mistake, as it is now
known that they were accepted by
Dr. Cushman, head of the English de-
partment.

RENO, May 29.—The election for
school trustees in district 10 resulted
in the selection of Chas. H. Burke, for
long term, and A. Nelson and Dr. R.
M. Walker, for short term trustees.
Only 283 votes were polled. Burke
won by four votes.

WINNEMUCCA, May 29.—Five men
are dead and several are severely hurt
as the result of the breaking of the
Duterte dam Monday. The dam
gave way under pressure of a mass
of water from a cloud burst, and
swept away the shearing coral and
bunk houses of the Golconda Cattle
Co. in Pale Creek canyon. The rail-
way tracks were washed away and
all overland trains were delayed eight
hours.

NEW STRIKES MADE

MANHATTAN, May 29.—Two
strikes in the Manhattan Mining dis-
trict, of hitherto unparalleled impor-
tance have been made. On the Sun-
nyside and Sphinx groups in the
Round Mountain section, ore having
a gold value in excess of \$10,000
the ton was discovered. The rock is
spanned by a band of gold fully an
inch wide, and forty pounds of speci-
mens taken from the ledge have a
total value of at least \$1,200.

At no point where the ledge has
been uncovered at surface is there a
dearth of values and the entire ledge
contain an excellent grade of mill ore.
The high grade values occur on both
the hanging and foot wall of the ledge
and in each instance are of about
equal value.
